WOULD END THE WAR

LONDON TIMES URGES ROOSEVELT TO OFFER MEDIATION TO COMBATANTS.

KAISER IN FAVOR OF PLAN

GERMAN RULER WOULD SECOND AMERICAN PRESIDENT IN EFFORT TO END WAR.

London, Nov. 12.—The Times says: "It is universally felt here that Roosevelt has a unique opportunity to utilize the immense influence conferred upon him by the American people to initiate a movement for the cessation of the far Eastern war. When the Kaiser heard of Roosevelt's triumph he exclaimed that it presented the first hope of successful mediation, and there is no doubt that the Kaiser, from not entirely disinterested motives, would second Roosevelt in an effort to secure peace. Russia has now been sufficiently weakened militarily for the Kaiser's ends, while his avowed friendliness toward her in adversity places him in a most favorable position for future developments. "The British government and people would also welcome a termination of the war, but the Japanese alliance and Russia Anglophobia tie its hands. France would readily assist. Therefore the situation demands only a strong initiative, as Russia could scarcely resist the pressure of the civilized world, especially as Japan, it is believed, would display a reasonable and conciliatory spirit if approached."

JAPS WITHDRAW SOME GUNS.

Apparently Not Ready to Attack the Russians.

Mukden, Nov. 10, via Tientsin, Nov. 12.—An artillery fire from both sides is continued at intervals. It is heavier on the Russian right wing, where, all day Nov. 9 and also during the night, the Russians shelled the Japanese positions with their heavy guns. Neither side on that date gained any advantage.

As a result of the heavy bombardment by the Russians the Japanese have withdrawn some of their batteries from the advanced positions. It is now believed that, not being ready to attack, they are falling back to the hills.

The Russians gained a great advantage when towards the end of the battle on Shakhe river they recaptured Lone Tree hill. The hill commands a large part of the plain over which the Japanese must advance.

The operations are about the same each day. There is artillery firing most of the time and frequent clashes of infantry at night.

The Japanese are notably economical in the use of ammunition, as though anticipating an early battle, when great quantities will be necessary.

It is known that the Japanese have placed guns of large caliber in the vicinity of the Shakhe railway station, bringing Shiatun, the next station to the north, within the range of their fire. The great precautions taken by the Russians, their continued vigilance and the disposition of their forces would seem to guarantee their army from any repetition of disasters of enormous magnitude.

In the extreme east the Japanese appear not to have advanced north of Salmachi and to have concentrated their forces in their center. The prevailing conviction is that the reinforcements received by the Japanese have been much larger than reported and consequently it is expected they will attack.

STRENGTHENING DEFENSES.

Positions of Armies Near Mukden Little Changed.

Mukden, Nov. 12.—The positions of the armies on both sides remain little changed, though there is continual skirmishing going on with the object of securing minor positions tending to strengthen the respective lines of defense. The Russian scouts are very daring in secretly reconnoitering the whole of the Japanese lines, some even creeping up to the Japanese trenches and lying concealed there all day and returning at night. The Japanese have constructed in many places double and even triple and quadruple lines of trenches, wire entanglements, mines and pits.

Cossack patrols on Nov. 10 penetrated as far as Sandapu, where they inflicted a blow against a large force of Japanese, and then returned rapidly to the Russian main line without loss. A patrol also got in the rear of two Japanese companies moving to attack a Russian position. The Cossacks defeated the Japanese and returned safely to the Russian lines.

RUMORS UNCONFIRMED.

No Authentic News of Capture of Port Arthur.

London, Nov. 12.—No confirmation has reached London of the rumors current on Nov. 10 of the capitulation of Port Arthur; that General Stoessel was asking for an armistice, etc.

According to the Daily Telegraph's Chefoo correspondent, Japan has consented to open the port of Antung to steamers chartered by silk merchants when the latter obtain special permits. This action is due to China's protest that exclusion of neutral shipping would ruin the silk trade.

LARGE CONCERN SUSPENDS.

Rise in Stock Market Responsible for the Failure.

Boston, Nov. 12.—The pronounced rise in the stock market was responsible Friday for the suspension of the Federal Stock and Grain company of this city, one of the largest concerns of the kind in the country. The company had four offices in Boston and fifty or more in other cities. Treasurer D. E. Murray states that the concern has lost \$1,000,000 in the past six months, and adds that the claims against it do not exceed \$150,000.

While most of the branch offices are in New England, the concern had agencies in Montreal, Denver and several other cities.

All branches were closed shortly after the announcement of the suspension, and in several places attachments have been filed against funds standing in the banks to the credit of the concern. The company is said to have cleared \$2,000,000 last year. Of late, however, steady losses have been sustained, the officials assert.

GETS MESSAGES IN THE CLOUDS.

Operator in a Balloon Works a Wireless Apparatus.

St. Louis, Nov. 12.—As the result of a scientific experimental balloon ascension made Friday from the aeronautic concourse on the world's fair ground, the practicability and accuracy with which wireless messages could be received both as to altitude and distances was satisfactorily tested. More than twenty messages were transmitted from the world's fair wireless tower and received by the operator in the aerial craft. Paul Knabenschue of Toledo, O., accompanied by the operator, A. W. McQueen of Guthrie, Okla., and W. S. Foreman of St. Louis, made the ascension. After making a successful journey through the air one hour and a half in duration, Aeronaut Knabenschue made a safe landing four miles southwest of the concourse. The highest point of altitude reached was estimated at about two miles.

KEEPS HIS PORTFOLIO

JOHN HAY TO REMAIN IN ROOSEVELT'S CABINET AS SECRETARY OF STATE.

Washington, Nov. 12.—President Roosevelt made the announcement Friday that Mr. John Hay would continue as secretary of state during the four years beginning March 4 next.

"You may state positively," were his words, "that Mr. Hay will continue as secretary of state up to the fourth of March, 1909."

The president was asked regarding other possible cabinet changes, but indicated there was nothing to be said at present. His announcement regarding Secretary Hay was made to a number of newspaper representatives in his office late in the afternoon.

Mr. Hay's succession to the state department portfolio fixes the most important place in the cabinet and is the first step so far in that direction.

HUNTER KILLS HIS OWN SON.

Minnesota Man Mistakes His Boy for a Bear.

Duluth, Nov. 12.—Albert Hanson, a settler living twenty miles from Cohasset, while out hunting deer Friday shot and instantly killed his son, whom he mistook for a bear. The two had separated early in the day and had agreed to meet at a certain spot near a deer runway. The son had just killed a deer and was bending over in the act of cleaning the carcass when the father, seeing the moving object, blazed away, following it with a second shot a moment after. Hearing a piercing scream he ran forward, only to see his son writhing in death agonies with blood gushing from a bullet wound in his lungs. He immediately proceeded to Cohasset, where he gave himself up and subsequently attempted to commit suicide. It is thought the great shock and grief have turned his mind.

WOULD FORM A NEW PARTY.

James H. Ferriss Issues a Call for a Meeting in Chicago.

Chicago, Nov. 12.—James H. Ferriss, chairman of the national committee of the People's party, has issued a call for a meeting to be held in this city some time during the next month for the purpose of forming a new national party. In his call for the gathering which he terms "a Jefferson conference," Mr. Ferriss declares that the time has arrived for the consolidation of a number of progressive parties and factions under a broad Jeffersonian programme.

VIOLATES A FEDERAL STATUTE.

Commissioner Gray Releases a Chinaman on Bond.

St. Louis, Nov. 12.—United States Commissioner Gray Friday in releasing on \$500 bond Yeu Seung, a Chinese street merchant, charged with being in this country unlawfully, violated a United States statute prohibiting such action, that official declaring that the statute is unconstitutional in that the Constitution of the United States entitles all prisoners, except those in cases where capital punishment is provided, to bail.

Costly Fire in Eoston.

Boston, Nov. 12.—"Harcourt Studios," a two-story brick building in the Back Bay, was gutted by fire Friday night, causing a loss of \$200,000. The fire is thought to have originated in spontaneous combustion.

CRIME IS A MYSTERY

AUTHORITIES UNABLE TO CLEAR UP THE MURDER CASE AT AUBURN, CAL.

FOUR PERSONS WERE SLAIN

ONLY ONE MEMBER OF A FAMILY OF FIVE LEFT ALIVE AFTER THE TRAGEDY.

Auburn, Cal., Nov. 12.—It is now known that Julius Weber, his wife, their nineteen-year-old daughter Bertha, their son Paul, aged fourteen, were murdered Thursday night by an unknown assassin who set fire to the home in an effort to cover his crime. Before the fire had made any headway, the bodies of the murdered woman and her two children were rescued from the burning house.

An examination of the bodies showed that Mrs. Weber and the children had been murdered before fire had been started. The daughter had been killed by a pistol wound, as had been Mrs. Weber. On the boy's head were several deep cuts. He had also been shot. All efforts to reach Julius Weber, the father, who was not thought to be in the burning house, were abandoned until Friday when a search was made in the burning timbers and his body was found in the bathroom of the dwelling. He too had been shot down before being left to be consumed by the flames. This makes the death list as follows:

Julius Weber, aged forty-eight; Mrs. Julius Weber, aged forty-one; Bertha Weber, aged nineteen; Paul Weber, fourteen years.

The body of Mr. Weber was so badly burned that it has been impossible to ascertain how often he was shot. It has been ascertained beyond a doubt that the women were killed in one room and their clothing set on fire and that they were then dragged into the apartment where the bodies were discovered.

Very Peculiar Circumstance.

One very peculiar circumstance of the tragedy is that, while the bodies of the mother and daughter were burned to some extent, the apartment in which they were lying was not on fire when the firemen broke in, which showed that they had been killed in some other portion of the house, partially burned and then dragged into the room where they were found.

The physicians are holding an autopsy over the badly scarred remains of Julius Weber. Coroner Shephard, Sheriff Keene and District Attorney Robinson are making a thorough investigation of the tragedy. They are advising no arrests, but the facts would indicate that the murders were the work of a madman, or coolly premeditated crime. The robbery theory is about exploded as no incertive is found.

Adolph Weber, another son, aged twenty-one, who was the only member of the family left, talked but little, but said he did not think the motive was either robbery or revenge. When asked if he had a theory he said he had but would not give it. He did say reluctantly that his father had a violent temper. The boy was away from home when the tragedy occurred.

The autopsy on the body of Mr. Weber disclosed a bullet wound through the heart. The diameter of the wound was the same as that in the bodies of Mrs. Weber and Miss Weber, who were shot with a 32-caliber weapon. Owing to the fact that Mr. Weber's body was badly burned no bullet could be found. Two 22-caliber rifles were discovered in the house, but no trace of a 32-caliber pistol. The opening session of the inquest did not throw any light on the murders.

Julius Weber was a retired brewer and was possessed of considerable wealth.

FOUR PERSONS PERISH.

Schooner Wilson and Hunting Run Down by Supply Ship Culgoa.

New York, Nov. 12.—Captain Robert Walton, his wife and two seamen lost their lives Wednesday night off Barnegat light, when the United States supply ship Culgoa cut down the Norfolk lumber schooner Wilson and Hunting. Four members of the crew, the mate, cook and two seamen, were rescued by the Culgoa and were brought here Friday.

The accident occurred, according to the survivors, about 7 o'clock in the evening. The schooner was ten miles west of Barnegat tacking off shore when she was struck and almost cut in two by the Culgoa, which was making for New York. A boat from the Culgoa rescued four men, but the rest of those on board probably perished, although the schooner did not sink. The bows of the supply ship are badly damaged.

LAST OF THE LIGHT BRIGADE.

Trumpeter Who Sounded Famous Charge Dies in Denver.

Denver, Nov. 12.—Alexander Sutherland, said to have been the last survivor of the famous Balaklava "600," is dead at his home in this city, where he has resided for thirty years. He was the trumpeter who sounded the bugle call for the memorable charge.

Mr. Sutherland was sixty-four years old and he died of pneumonia. A detachment of the Colorado National guard will escort the hero's remains to their final resting place in Calvary cemetery next Monday.

Save Your Daughter

No. 185 West 8th Street,
New York City, N. Y., April 3, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

THOMPSON, RUTHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

TWO PERSONS KILLED.

Michigan Central Train Hits a Delivery Wagon.

Grand Rapids, Mich., Nov. 12.—A westbound Michigan Central passenger train struck a delivery wagon at Hall street last night, instantly killing the driver, W. O. Sherman, aged forty, and his companion, John Tangbert, aged fifteen.

Title for J. P. Morgan.

New York, Nov. 12.—On the proposal of the Italian minister of foreign affairs King Victor has decided, cables the World's Rome correspondent, to send to J. P. Morgan of New York the insignia of Knight of the Crown of Italy as a testimonial of the gratitude of the Italian nation for the return of the Ascoli cope to the Italian government.

FUGITIVE STILL AT LARGE.

Slayer of Two West Virginians Eludes His Pursuers.

Charleston, W. Va., Nov. 12.—At a late hour last night all efforts to capture Edward Jackson, who shot and killed Sheriff Daniels and John Rolf, a prominent citizen, in Montgomery Thursday as the result of the killing of his brother, Constable Walter Jackson, by Policeman Elliott on Wednesday, proved futile. Posses have been searching for Jackson all day and are still scouring the surrounding country for him. Two pairs of bloodhounds were placed on his trail, but with no success. The excitement following the double shooting has somewhat subsided but the friends of Sheriff Daniels still threaten to lynch Jackson if he is captured.

A boat from the Culgoa rescued four men, but the rest of those on board probably perished, although the schooner did not sink. The bows of the supply ship are badly damaged.

Save Your Daughter

No. 185 West 88th Street,
New York City, N. Y., April 8, 1903.

Wine of Cardui has been a blessing to my home. I have often found that it was a great relief when I was weary or in pain, but I am especially grateful for what it did for our daughter and only child. I noticed that her menses were tardy and she suffered with headaches and giddiness, heaviness in the abdomen and about the loins. This seriously interfered with her studies and she had to discontinue several of them.

A visitor calling on me and discussing the matter suggested that I give her a course of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my daughter had used it for five weeks I found a great improvement in her looks, health and behavior, in fact she was a different girl. The flow became regular and we have not had any difficulty since.

LYDIE H. THOMPSON
TREASURER, RATHBONE MEMORIAL ASSOCIATION.

WINE of CARDUI

Here the menstrual function had not been properly started and the unnatural condition was making the young girl an invalid. The headaches and giddiness, indicated something more than a mere temporary ailment. They were symptoms of a functional weakness which would become more and more aggravated as years went by. But Mrs. Thompson was ready to take advice for her daughter's welfare and she gave the little sufferer Wine of Cardui and now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of every ten. Young girls, mothers and aged women find this tonic indispensable. All druggists sell \$1.00 bottles Wine of Cardui.

FUGITIVE STILL AT LARGE.

Slayer of Two West Virginians Eludes His Pursuers.

Charleston, W. Va., Nov. 12.—At a late hour last night all efforts to capture Edward Jackson, who shot and killed Sheriff Daniels and John Rolf, a prominent citizen, in Montgomery Thursday as the result of the killing of his brother, Constable Walter Jackson, by Policeman Elliott on Wednesday, proved futile. Posses have been searching for Jackson all day and are still scouring the surrounding country for him. Two pairs of bloodhounds were placed on his trail, but with no success. The statement following the double shooting has somewhat subsided but the friends of Sheriff Daniels still threaten to lynch Jackson if he is captured.

WOULD END THE WAR

LONDON TIMES URGES ROOSEVELT TO OFFER MEDIATION TO COMBATANTS.

KAISER IN FAVOR OF PLAN

GERMAN RULER WOULD SECOND AMERICAN PRESIDENT IN EFFORT TO END WAR.

London, Nov. 12.—The Times says: "It is universally felt here that Roosevelt has a unique opportunity to utilize the immense influence conferred upon him by the American people to initiate a movement for the cessation of the far Eastern war. When the Kaiser heard of Roosevelt's triumph he exclaimed that it presented the first hope of successful mediation, and there is no doubt that the Kaiser, from not entirely disinterested motives, would second Roosevelt in an effort to secure peace. Russia has now been sufficiently weakened militarily for the Kaiser's ends, while his avowed friendliness toward her in adversity places him in a most favorable position for future developments. The British government and people would also welcome a termination of the war, but the Japanese alliance and Russia's Anglophobia tie its hands. France would readily assist. Therefore the situation demands only a strong initiative, as Russia could scarcely resist the pressure of the civilized world, especially as Japan, it is believed, would display a reasonable and conciliatory spirit if approached."

JAPS WITHDRAW SOME GUNS.

Apparently Not Ready to Attack the Russians.

Mukden, Nov. 10, via Tientsin, Nov. 12.—An artillery fire from both sides is continued at intervals. It is heavier on the Russian right wing, where, all day Nov. 9 and also during the night, the Russians shelled the Japanese positions with their heavy guns. Neither side on that date gained any advantage.

As a result of the heavy bombardment by the Russians the Japanese have withdrawn some of their batteries from the advanced positions. It is now believed that, not being ready to attack, they are falling back to the hills.

The Russians gained a great advantage when towards the end of the battle on Shakh river they recaptured Lone Tree hill. The hill commands a large part of the plain over which the Japanese must advance.

The operations are about the same each day. There is artillery firing most of the time and frequent clashes of infantry at night.

The Japanese are notably economical in the use of ammunition, as though anticipating an early battle, when great quantities will be necessary.

It is known that the Japanese have placed guns of large caliber in the vicinity of the Shakh railway station, bringing Shiatun, the next station to the north, within the range of their fire. The great precautions taken by the Russians, their continued vigilance and the disposition of their forces would seem to guarantee their army from any repetition of disasters of enormous magnitude.

In the extreme east the Japanese appear not to have advanced north of Salmachi and to have concentrated their forces in their center. The prevailing conviction is that the reinforcements received by the Japanese have been much larger than reported and consequently it is expected they will attack.

STRENGTHENING DEFENSES.

Positions of Armies Near Mukden Little Changed.

Mukden, Nov. 12.—The positions of the armies on both sides remain little changed, though there is continual skirmishing going on with the object of securing minor positions tending to strengthen the respective lines of defense. The Russian scouts are very daring in secretly reconnoitering the whole of the Japanese lines, some even creeping up to the Japanese trenches and lying concealed there all day and returning at night. The Japanese have constructed in many places double and even triple and quadruple lines of trenches, wire entanglements, mines and pits.

Cossack patrols on Nov. 10 penetrated as far as Sandlapu, where they inflicted a blow against a large force of Japanese, and then returned rapidly to the Russian main line without loss. A patrol also got in the rear of two Japanese companies moving to attack a Russian position. The Cossacks defeated the Japanese and returned safely to the Russian lines.

RUMORS UNCONFIRMED.

No Authentic News of Capture of Port Arthur.

London, Nov. 12.—No confirmation has reached London of the rumors current on Nov. 10 of the capitulation of Port Arthur; that General Stoessel was asking for an armistice, etc.

According to the Daily Telegraph's Chefoo correspondent, Japan has consented to open the port of Antung to steamers chartered by silk merchants when the latter obtain special permits. This action is due to China's protest that exclusion of neutral shipping would ruin the silk trade.

LARGE CONCERN SUSPENDS.

Rise in Stock Market Responsible for the Failure.

Boston, Nov. 12.—The pronounced rise in the stock market was responsible Friday for the suspension of the Federal Stock and Grain company of this city, one of the largest concerns of the kind in the country. The company had four offices in Boston and fifty or more in other cities. Treasurer D. E. Murray states that the concern has lost \$1,000,000 in the past six months, and adds that the claims against it do not exceed \$150,000.

While most of the branch offices are in New England, the concern had agencies in Montreal, Denver and several other cities.

All branches were closed shortly after the announcement of the suspension, and in several places attachments have been filed against funds standing in the banks to the credit of the concern. The company is said to have cleared \$2,000,000 last year. Of late, however, steady losses have been sustained, the officials assert.

GETS MESSAGES IN THE CLOUDS.

Operator in a Balloon Works a Wireless Apparatus.

St. Louis, Nov. 12.—As the result of a scientific experimental balloon ascension made Friday from the aeronautic concourse on the world's fair ground, the practicability and accuracy with which wireless messages could be received both as to altitude and distances was satisfactorily tested. More than twenty messages were transmitted from the world's fair wireless tower and received by the operator in the aerial craft. Paul Knabenschue of Toledo, O., accompanied by the operator, A. W. McQueen of Guthrie, Okla., and W. S. Foreman of St. Louis, made the ascension. After making a successful journey through the air one hour and a half in duration, Aeronaut Knabenschue made a safe landing four miles southwest of the concourse. The highest point of altitude reached was estimated at about two miles.

KEEPS HIS PORTFOLIO

JOHN HAY TO REMAIN IN ROOSEVELT'S CABINET AS SECRETARY OF STATE.

Washington, Nov. 12.—President Roosevelt made the announcement Friday that Mr. John Hay would continue as secretary of state during the four years beginning March 4 next.

"You may state positively," were his words, "that Mr. Hay will continue as secretary of state up to the fourth of March, 1909."

The president was asked regarding other possible cabinet changes, but indicated there was nothing to be said at present. His announcement regarding Secretary Hay was made to a number of newspaper representatives in his office late in the afternoon.

Mr. Hay's succession to the state department portfolio fixes the most important place in the cabinet and is the first step so far in that direction.

HUNTER KILLS HIS OWN SON.

Minnesota Man Mistakes His Boy for a Bear.

Duluth, Nov. 12.—Albert Hanson, a settler living twenty miles from Cohasset, while out hunting deer Friday shot and instantly killed his son, whom he mistook for a bear. The two had separated early in the day and had agreed to meet at a certain spot near a deer runway. The son had just killed a deer and was bending over in the act of cleaning the carcass when the father, seeing the moving object, blazed away, following it with a second shot a moment after. Hearing a piercing scream he ran forward, only to see his son writhing in death agonies with blood gushing from a bullet wound in his lungs. He immediately proceeded to Cohasset, where he gave himself up and subsequently attempted to commit suicide. It is through the great shock and grief have turned his mind.

WOULD FORM A NEW PARTY.

James H. Ferriss Issues a Call for a Meeting in Chicago.

Chicago, Nov. 12.—James H. Ferriss, chairman of the national committee of the People's party, has issued a call for a meeting to be held in this city some time during the next month for the purpose of forming a new national party. In his call for the gathering which he terms "a Jefferson conference," Mr. Ferriss declares that the time has arrived for the consolidation of a number of progressive parties and factions under a broad Jeffersonian programme.

VIOLATES A FEDERAL STATUTE.

Commissioner Gray Releases a Chinaman on Bond.

St. Louis, Nov. 12.—United States Commissioner Gray Friday in releasing on \$500 bond Yeu Seung, a Chinese street merchant, charged with being in this country unlawfully, violated a United States statute prohibiting such action, that official declaring that the statute is unconstitutional in that the Constitution of the United States entitles all prisoners, except those in cases where capital punishment is provided, to bail.

Costly Fire in Boston.

Boston, Nov. 12.—"Harcourt Studios," a two-story brick building in the Back Bay, was gutted by fire Friday night, causing a loss of \$200,000. The fire is thought to have originated in spontaneous combustion.

CRIME IS A MYSTERY

AUTHORITIES UNABLE TO CLEAR UP THE MURDER CASE AT AUBURN, CAL.

FOUR PERSONS WERE SLAIN

ONLY ONE MEMBER OF A FAMILY OF FIVE LEFT ALIVE AFTER THE TRAGEDY.

Auburn, Cal., Nov. 12.—It is now known that Julius Weber, his wife, their nineteen-year-old daughter Bertha, their son Paul, aged fourteen, were murdered Thursday night by an unknown assassin who set fire to the home in an effort to cover his crime. Before the fire had made any headway, the bodies of the murdered woman and her two children were rescued from the burning house.

An examination of the bodies showed that Mrs. Weber and the children had been murdered before fire had been started. The daughter had been killed by a pistol wound, as had been Mrs. Weber. On the boy's head were several deep cuts. He had also been shot. All efforts to reach Julius Weber, the father, who was not thought to be in the burning house, were abandoned until Friday when a search was made in the burning timbers and his body was found in the bathroom of the dwelling. He too had been shot down before being left to be consumed by the flames. This makes the death list as follows:

Julius Weber, aged forty-eight; Mrs. Julius Weber, aged forty-one; Bertha Weber, aged nineteen; Paul Weber, fourteen years.

The body of Mr. Weber was so badly burned that it has been impossible to ascertain how often he was shot. It has been ascertained beyond a doubt that the women were killed in one room and their clothing set on fire and that they were then dragged into the apartment where the bodies were discovered.

Very Peculiar Circumstance.

One very peculiar circumstance of the tragedy is that, while the bodies of the mother and daughter were burned to some extent, the apartment in which they were lying was not on fire when the firemen broke in, which showed that they had been killed in some other portion of the house, partially burned and then dragged into the room where they were found.

The physicians are holding an autopsy over the badly scarred remains of Julius Weber. Coroner Shephard, Sheriff Keene and District Attorney Robinson are making a thorough investigation of the tragedy. They are advising no arrests, but the facts would indicate that the murders were the work of a madman, or coolly, premeditated crime. The robbery theory is about exploded as no incentive is found.

Adolph Weber, another son, aged twenty-one, who was the only member of the family left, talked but little, but said he did not think the motive was either robbery or revenge. When asked if he had a theory he said he had but would not give it. He did say reluctantly that his father had a violent temper. The boy was away from home when the tragedy occurred.

The autopsy on the body of Mr. Weber disclosed a bullet wound through the heart. The diameter of the wound was the same as that in the bodies of Mrs. Weber and Miss Weber, who were shot with a 32-caliber weapon. Owing to the fact that Mr. Weber's body was badly burned no bullet could be found. Two 22-caliber rifles were discovered in the house, but no trace of a 32-caliber pistol. The opening session of the inquest did not throw any light on the murders.

Julius Weber was a retired brewer and was possessed of considerable wealth.

FOUR PERSONS PERISH.

Schooner Wilson and Hunting Run Down by Supply Ship Culgoa.

New York, Nov. 12.—Captain Robert Walton, his wife and two seamen lost their lives Wednesday night off Barnegat light, when the United States supply ship Culgoa cut down the Norfolk lumber schooner Wilson and Hunting. Four members of the crew, the mate, cook and two seamen, were rescued by the Culgoa and were brought here Friday.

The accident occurred, according to the survivors, about 7 o'clock in the evening. The schooner was ten miles west of Barnegat tacking off shore when she was struck and almost cut in two by the Culgoa, which was making for New York. A boat from the Culgoa rescued four men, but the rest of those on board probably perished, although the schooner did not sink. The bows of the supply ship are badly damaged.

MISSOURI is republican by 18,000.

SENATOR CLAPP'S re-election is a foregone conclusion.

THANKSGIVING is next in order, let us get ready to be thankful.

JUDGE PARKER has not recovered fully enough to be able to give a lucid account of how it happened.

THE republicans have done more damage to their own party than the opposition could ever have hoped to do.

THE Little Falls Herald says: "Con O'Brien was elected mayor of Brainerd. Good for Con and good for Brainerd."

MAYOR HAYNES, defeated for re-election on the face of the returns in Minneapolis, will contest the right of his opponent to take his seat.

THE democrats can well afford to make the election of Roosevelt unanimous. He will be president of all the people and not of a party.

THERE seems to be no doubt of the adoption of the 4 per cent gross earnings measure as the counties that have reported so far have given it at least 80 per cent of the vote.

THE Little Falls Transcript remarks that in two years from now there will not be any republican state machine in Minnesota to oppose the republican state ticket, and the party may be able to harmonize.

THE republican newspapers that supported the democratic ticket in Minnesota this year are endeavoring to get comfort for themselves by telling what the party will do next year. It can easily be figured out how the republicans will elect another democratic governor if there is any opposition for the republican nomination two years hence. It's a case of "I'll have my way or I won't play."

THE annual report of J. J. McCurdy, auditor for the postoffice department, made public today shows that the gross receipts of all presidential offices in Minnesota in the last fiscal year were \$3,033,980. Minneapolis leads with \$1,130,086. The gross receipt of the St. Paul office were \$733,716. At Albert Lea the receipts were \$18,586; Austin, \$14,786; Brainerd, \$15,169; Crookston, \$20,200; Duluth, \$180,198; Faribault, \$21,845; Fergus Falls, \$14,764; Hibbing, \$12,406; Lake City, \$10,041; Little Falls, \$10,781; Mankato, \$33,625; Moorhead, \$11,809; New Ulm, \$10,374; Northfield, \$13,268; Owatonna, \$14,434; Red Wing, \$18,884; Rochester, \$15,394; St. Cloud, \$18,708; Sleepy Eye, \$11,295; South St. Paul, \$14,004; Stillwater, \$20,916; Winona, \$49,603.

MUSIC AND DRAMA.

"YON YONSON."

Aside from its strength as a drama of natural incidents of contemporaneous life, "Yon Yonson" may lay claim to attention as a picturesque production of much more than ordinary magnitude. All of the scenery used in the play was painted by good artists, from sketches made in the famous pine woods of the Northwest. A series of rare pictures is therefore represented. There are also several effects, such, for instance, as the breaking of a log jam. The mechanical effects are all new and have been improved and elaborated over former productions. In fact Manager P. J. Kennedy has left nothing undone to make this the banner season for "the evergreen play," which comes to the Brainerd opera house on Thursday, Nov. 17.

Missouri is republican by 18,000.

SENATOR CLAPP'S re-election is a foregone conclusion.

THANKSGIVING is next in order, let us get ready to be thankful.

JUDGE PARKER has not recovered fully enough to be able to give a lucid account of how it happened.

The republicans have done more damage to their own party than the opposition could ever have hoped to do.

The Little Falls Herald says: "Con O'Brien was elected mayor of Brainerd. Good for Con and good for Brainerd."

MAYOR HAYNES, defeated for re-election on the face of the returns in Minneapolis, will contest the right of his opponent to take his seat.

The democrats can well afford to make the election of Roosevelt unanimous. He will be president of all the people and not of a party.

There seems to be do doubt of the adoption of the 4 percent gross earnings measure as the counties that have reported so far have given it at least 80 percent of the vote.

The Little Falls Transcript remarks that in two years from now there will not be any republican state machine in Minnesota to oppose the republican state ticket, and the party may be able to harmonize.

The republican newspapers that supported the democratic ticket in Minnesota this year are endeavoring to get comfort for themselves by telling what the party will do next year. It can easily be figured out how the republicans will elect another democratic governor if there is any opposition for the republican nomination two years hence. It's a case of "I'll have my way or I won't play."

The annual report of J. J. McCarty, auditor for the postoffice department, made public today shows that the gross receipts of all presidential offices in Minnesota in the last fiscal year were \$3,033,980. Minneapolis leads with \$1,130,086. The gross receipt of the St. Paul office were \$733,716. At Albert Lea the receipts were \$18,586; Austin, \$14,786; Brainerd, \$15,169; Crookston, \$20,290; Duluth, \$180,198; Faribault, \$21,845; Fergus Falls, \$14,764; Hibbing, \$12,466; Lake City, \$10,041; Little Falls, \$10,781; Mankato, \$33,625; Moorhead, \$11,899; New Ulm, \$10,374; Northfield, \$13,268; Owatonna, \$14,434; Red Wing, \$18,884; Rochester, \$15,394; St. Cloud, \$18,708; Sleepy Eye, \$11,295; South St. Paul, \$14,604; Stillwater, \$20,916; Winona, \$49,603.

LOCAL NEWS NOTES.

Mrs. P. Waite was in the city today. Fred S. Johns left for Duluth this morning.

Ray Cook went to Pequot this morning on business.

Attorney A. D. Polk was a passenger north this morning.

A. L. Mattes returned this afternoon from the twin cities.

Claim Agent Taylor, of the Northern Pacific, is in the city.

Miss Lizzie Willis left this afternoon for her home in St. Paul.

D. Oliver left for St. Paul this afternoon for a few days visit.

Presiding Elder E. C. Clemens came in from Duluth this noon.

J. N. Christie went north this morning on the M. & I., on business.

Mrs. E. A. McKay left this afternoon for Minneapolis for a brief visit.

W. C. Tubbs, a well known traveling man, was in the city last evening.

R. E. Wise returned from a business trip to the twin cities this afternoon.

The lights were turned on at the new library building night before last for the first time.

William Schultz paid a fine of \$1 and costs in police court this morning for simple assault.

Miss Mayme Bridgeman, of Perham, who has been visiting in the city, left for home this noon.

Mrs. M. Shea, who has been visiting in the city for some time, left for her home in Perham this afternoon.

Deputy Game Warden Saunders came down from the north this noon and returned to Backus this afternoon.

Mr. and Mrs. Robert Forester left this afternoon for England where they will make their home in the future.

Miss Clotilde McCullough will sing a solo, "Now the Day is Over," at the Episcopal church Sunday evening, accompanied by Prof. Lensrud on the violin.

Mr. and Mrs. William Johnstone, of Lockport, Cal., arrived in the city this morning and will spend the winter here with their son, W. A. M. Johnstone.

The Bachelor Maids are planning on a big charity ball to be given on November 30. The affair is to be a very swell one, as witness the price of the tickets, \$2 per.

The M. B. A surprised Mrs. W. J. Landen last evening by tendering her a party, as she will leave soon for Bond, Miss. She was presented with a beautiful souvenir. Refreshments were served.

Of all the election bets made in this county this fall the one in which J. M. Elder, the Sixth street real estate man, and Percy Taylor, a well known farmer living south of the city, indulged was the most novel. Mr. Elder bet \$4 to a dozen doughnuts that Johnson would be elected governor. He probably forgot that he had ever made such a bet, but when Mr. Taylor walked into his office yesterday afternoon it was a gen-

STAKES SON FOR BLACK BEAR

Cass County Settler Killed Son While They Were Out Hunting Deer.

SHERIFF HARDY IS NOTIFIED Old Gentleman's Mind is Unbalanced as a Result of the Terrible Accident.

Ernest Hanson, a settler residing in the western end of Cass county, at noon yesterday shot and almost instantly killed his son, John Hanson, whom he mistook for a bear. Then with his jacket soaked with the life-blood of the young man who had died in his arms, the grief-stricken father walked twenty miles to Cohasset and notified the authorities. Efforts to console the frenzied parent were unavailing and last night, after he had made several attempts to end his own life, he was put under guard, to await the arrival of the authorities today.

The Hansons, who recently took up a homestead in 143-25, near Vermillion Brook, arranged to go deer hunting yesterday. Both were armed with heavy rifles and they started out together, following runways where the animals had been seen before the opening of the season. It was agreed, before the start was made, that in the event they became separated, they were to meet at a given point at noon.

During the morning, deer were sighted on several occasions and the two men started off in opposite directions. Just before midday and while near the appointed meeting place, John came upon a deer and succeeded in bringing it down. He bled the animal and was preparing the carcass, to hang it up out of the reach of wolves, when the tragedy occurred.

The grief-stricken settler ran a portion of the way and when he arrived at his destination, shortly before 6 o'clock last evening, he was almost exhausted. Hurriedly he told his story to some of the residents of Cohasset and then got in telegraphic communication with Sheriff Hardy at Walker. He was directed to remain at Cohasset until the authorities arrived.

SERIES OF PRETTY PARTIES

Mrs. N. H. Ingersoll and Mrs. F. W. Wieland Entertained Again Yesterday Afternoon at a "500" Party.

Mrs. N. H. Ingersoll and Mrs. F. W. Wieland entertained again yesterday afternoon a second company of friends. This was a "500" party and the appointments were very artistically arranged. The score cards were painted wild roses, pink, white and red, and in fact this color scheme was carried throughout. The little booklet which was given as a prize for the winner in the game of "500" was done in the same colors. Mrs. A. V. Snyder was the winner of the head prize. Refreshments were served.

This afternoon the ladies are entertaining at a six-hand euchre party.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Notice.

The Lady Maccabees party stated in last night's issue will not take place in Columbian hall. The committee in charge will make other arrangements.

BLEW UP THE HEATER

Heater in Sleeping Car Standing in the Yards Blew Up Last Night While the Porter Was Lunching.

Last evening at about 6:30 o'clock the porter in the sleeping car, which had been sidetracked here for the accommodation of those who went to Minneapolis to attend the foot ball game, built a fire in the heater and went out for his lunch. While he was gone the heater blew up and for a minute or two it was thought that the car would be burned. The fire department was called out and the flames were extinguished before any serious damage was done.

ELECT NEW OFFICERS

Shakespeare Mining Company Directors Held a Meeting in this City--Work at the Mine

The directors of the Shakespeare Mining company have met and elected a new set of officers for the ensuing year as follows:

President--William Wood. Vice President--W. E. Seelye. Asst. Sec.--T. W. Trotter. Secretary--A. L. Hoffman. Treasurer--J. N. Nevers.

Directors--William Wood, W. E. Seelye, J. N. Nevers, A. Gowan, A. L. Hoffman, F. C. Bolin and J. B. Miller.

Work at the mine is progressing very satisfactorily. The new stamp mill is about ready for use.

The following regarding the mine is taken from a Marquette, Mich., paper:

The Shakespeare gold mine is a property near Webbwood, Ont., in which some Marquette county men are interested, and in which additional investors in this region will take stock if the influence of those who have faith in the property has any weight. The stock is to be placed on sale today at twenty-five cents a share. The Shakespeare Gold Mining company, the operating concern, was formed with a capital of \$2,000,000, the par value of stock being \$1 a share.

Work at the mine was commenced a little less than a year ago. The shaft was sunk to a depth of ninety-five feet, when a terrible accident caused a suspension of operations. A blast of 60 per cent nitroglycerine was exploded. Two of the men, anxious to note the result, entered the shaft and were overpowered by the fumes. They were followed by two other men who went to their rescue. These men were overcome. The superintendent next entered the death hole. He was followed by the engineer, and to make a long story short all six perished miserably.

At the solicitation of Marquette men interested in the property George A. Newett of Ishpeming recently visited the Shakespeare. In a recent issue of the Iron Ore he wrote, in part: "The work done since the accident consists of a drift run into the sidehill from the south side of the hill in which these quartz veins are located. This drift, or tunnel, intersects the shaft sixty feet from the surface. It has cut twenty feet of log-grade material and finds the rich vein, which had swung south out of the shaft above the bottom of the latter. The dip of the vein is slightly to the south, about seventy degrees, we judged. The low-grade ore runs from \$1 to \$18 per ton, while the vein in the shaft shows by assay an average of \$97 per ton. Specimens were numerous that would yield at the rate of \$10,000 per ton. The amount of free gold showing was remarkable, nearly every piece of the dark-colored quartz broken from the vein showing the metal. Gold in association with gray and yellow copper ore and pyrites of iron is common. Dirt from the loose gravel and earth down the sidehill pans rich in the yellow metal, while along the surface the quartz is easily traced a considerable distance and everywhere shows free gold. The wonder is that it was not found long ago.

"The schist is on the contact of granite on the north and diorite on the south, the formation being a strong, regular one. Two rich ore shoots are thought to occur, this being suggested by the appearance of the surface, and the mineralization is evidently due to volcanic or eruptive action. The quartz is hard and brittle and would reduce readily under the stamps. "A stamp mill of the Chalmers pattern--Cornish drops--is now being erected. The machinery on the ground and the mill building near completion. This is intended for making a practical test of the value of all the rock of the ledge. There is no need to test that of the rich veins, as it is wonderfully rich, and we judge it to be free milling for the greater part. It is the idea of the management that there can be thirty or forty feet of the ledge treated at a profit."

MISTAKES SON FOR BLACK BEAR

Cass County Settler Killed Son
While They Were Out Hunt-
ing Deer.

SHERIFF HARDY IS NOTIFIED

Old Gentleman's Mind is Unbal-
anced as a Result of the
Terrible Accident.

Ernest Hanson, a settler residing in the western end of Cass county, at noon yesterday shot and almost instantly killed his son, John Hanson, whom he mistook for a bear. Then with his jack-et soaked with the life-blood of the young man who had died in his arms, the grief stricken father walked twenty miles to Cohasset and notified the authorities. Efforts to console the frenzied parent were unavailing and last night, after he had made several attempts to end his own life, he was put under guard, to await the arrival of the authorities today.

The Hansons, who recently took up a homestead in 143-25, near Vermillion Brook, arranged to go deer hunting yesterday. Both were armed with heavy rifles and they started out together, following runways where the animals had been seen before the opening of the season. It was agreed, before the start was made, that in the event they became separated, they were to meet at a given point at noon.

During the morning, deer were sighted on several occasions and the two men started off in opposite directions. Just before midday and while near the appointed meeting place, John came upon a deer and succeeded in bringing it down. He bled the animal and was preparing the carcass, to hang it up out of the reach of wolves, when the tragedy occurred.

The grief-stricken settler ran a portion of the way and when he arrived at his destination, shortly before 6 o'clock last evening, he was almost exhausted. Hurriedly he told his story to some of the residents of Cohasset and then got in telegraphic communication with Sheriff Hardy at Walker. He was directed to remain at Cohasset until the authorities arrived.

A Runaway Bicycle.

Terminated with an ugly cut on the leg of J. B. Orner, Franklin Grove, Ill. It developed a stubborn ulcer unyielding to doctors and remedies for four years. The Bucklen's Arnica Salve cured. It is just as good for burns, scalds, skin eruptions and piles. 25c, at H. P. Dunn & Co.'s drug store.

The DISPATCH will be delivered at your door for 40 cents per month.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

SERIES OF PRETTY PARTIES

Mrs. N. H. Ingersoll and Mrs. F. W. Wieland Entertained Again Yesterday Afternoon at a "500" Party.

Mrs. N. H. Ingersoll and Mrs. F. W. Wieland entertained again yesterday afternoon a second company of friends. This was a "500" party and the appointments were very artistically arranged. The score cards were painted with wild roses, pink, white and red, and in fact this color scheme was carried throughout. The little booklet which was given as a prize for the winner in the game of "500" was done in the same colors. Mrs. A. V. Snyder was the winner of the head prize. Refreshments were served.

This afternoon the ladies are entertaining at a six-hand euchre party.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Notice.

The Lady Maccabees party stated in last night's issue will not take place in Columbian hall. The committee in charge will make other arrangements.
